

Check out some of our latest stunning projects from the award winning leader.

LIFTSHOP  *life with style*™

August 2014

News from the award winning leader

Lift Shop continues to be involved with some remarkable projects, and we're very proud of the installations that have been completed... with many more still in progress.

Our lifts continue to be in high demand - for both their features and style. We increasingly find that the technology and safety features are a big draw card, but importantly, customers love the design flexibility. Then there's the quality, which is unbeatable - there's just nothing else quite like it.

In coming months we would like to bring our lifts to life for you with videos of our beautiful range and the even more beautiful homes they have been installed into. Life with style - absolutely !!

This month we are proud to showcase Supermec.

Feedback

We love to hear what our customers think. If you have any feedback on any of the above stories, or would simply like to tell us about your Lift Shop lift experience or project, please [contact us](#).
