News from the award winning leader

At Lift Shop we're proud of our customer satisfaction level. This is something we take very seriously and we consistently seek feedback from our clients - it is how we constantly learn and improve.

Rather than us saying so, we would like to provide an insight into what many of our customers have shared regarding their [Lift Shop Experience](#)

Many of our clients Australia wide feature in the Who's Who, from many arenas: entertainment, arts, media, mining, literary, real estate, retail, financial, political and sports and we are very protective of these associations but we are certainly proud to have been selected as their supplier of choice too.

Feedback

We love to hear what our customers think. If you have any feedback on any of the above stories, or would simply like to tell us about your Lift Shop lift experience or project, please [contact us](#).
